The exhibition *Teenage New Jersey, 1941-1975* could not have been realized without the generosity of more than 150 residents of the state who donated or lent artifacts to the exhibition and contributed their personal histories to the project as a whole.

Teenage New Jersey, 1941-1975 has also been made possible in part by a grant from the National Endowment for the Humanities, dedicated to expanding American understanding of history and culture, the New Jersey Council for the Humanities, a state program of the National Endowment for the Humanities, the New Jersey Historical Commission, and the Chase Manhattan Bank.
